-What is the most popular activity in the free time table?

Make things, Use the internet and do puzzles

-What is the **not most** popular activity?

Play chess, Play the drums, Juggling and go fishing.

-What is your favorite activity?

My favorite activity is using the internet because in my life I always use the internet.

In my free time table I am very surprised because playing chess and going fishing are not very popular. It is a very fun and very beautiful activity.

I don't like very most go fishing very much because I don't like the smell of the fish but I love playing chess.
