

Snow leopards

Name: *Snow leopard*

Habitat: *In mountains*

Country: *Asia*

Appearance: *They are white with black spots*

Food: *the blue sheep of Tibet and the Himalayas*

Why it is endangered:

- 1. loss of habitat*
- 2. hunting and poaching*

Number of animals today: *4,000 in Asia*

Report: *An endangered animal*

My favorite endangered animal is the snow leopard. Snow leopards live in mountains in Asia. They are white with black spots. They eat blue sheeps of Tibet and the Himalayas. Snow leopards are endangered because of loss of habitat and Hunting and poaching. There are only about 4,000 in the world today.
