

*My great-grandmother*

Xubane

The name of my great-grandmother is Margarita. My great-grandmother lived in a small village in Esparza de Galar. She worked in a butcher shop but sometimes she stayed in her house with her three children , Nachi Sole and Pruden.

She didn't have a lot of things for example: a car, a TV, washing machine... and she washed the clothes in the sink But they had a bike, a little garden...She didn't have free time.

My great-grandmother was very happy in his live. Before live was a bit hard.
